

Dear Parents,

Catering across the globe is facing a number of challenges. The supply chain, the energy crisis, inflation, on-going Covid-19 restrictions and labour are playing havoc with day to day operations, availability and pricing.

We have always been, and remain, committed to delivering a wide range of delicious dishes to encourage balanced meal choices that are full of flavour. Our teams, both in school and in the office, continue to work extremely hard to keep any disruption to a minimum.

We are at the point however, with spiralling prices and increasing demand for food supplies and staff, where we need to make some changes to our meal pricing.

To meet the rising costs of providing a school meal, our prices has increased by 5%, a meal deal will go up from £2.30 to £2.35 as from May 2022. This has no impact on those children entitled to a Free School Meal.

We have prepared a tariff list with the everyday favourites, it will be available on the school's website for your information.

We provide a range of freshly prepared options for our customers including two daily main meals, topped jacket potatoes or filled sandwiches, hot grab and go options such as pasta, wraps and panini plus a range of puddings and fruit.

Please contact us for any queries via email, to astley.cooper@aspens-services.com .

Kind regards,

The Aspens Services management
