

The Astley Cooper School

Responsibility • Respect • Resilience

November 2025

Dear Parents and Carers,

I hope this message finds you well. I am writing to inform you that the Year 9 Science Autumn End of Term 1 Assessment topics will take place during the week commencing 1 December 2025. This will be an important opportunity for students to demonstrate their understanding of the topics covered so far this year.

To help your child prepare, I would like to outline the key topics that will be assessed:

Week Commencing 1 December 2025 - autumn term test topics

- Atomic Structure and the Periodic Table (Chemistry)

We recommend that students review their class notes, textbooks, and any relevant resources provided in class to ensure they feel confident in these areas. Practicing past papers or quizzes, where available, can also be helpful in reinforcing their knowledge.

If you have any concerns or would like further guidance on how to support your child's revision, please do not hesitate to reach out. We appreciate your continued support in helping your child succeed.

Thank you for your cooperation, and I wish your child the best of luck in their preparations.

Yours sincerely

Ms Tasher
Head of Year 9
